

RECREATION ROTATION

MONDAY

Egg Drop

TUESDAY

Magnetic Fishing

WEDNESDAY

Tug-of-War

THURSDAY

Camp Olympics

TUESDAY: MAGNETIC FISHING

WHAT YOU NEED:

- Plastic pool; Magnetic fishing set; Gold spray paint

WHAT YOU DO:

- Before Your Group Arrives:
 - Ensure each plastic pool is lightly filled with water.
 - Confirm that each pool contains magnetic fish and poles, with enough for your small group.
 - Double-check that one special Golden Fish is hidden within the magnetic fish in each pool.
- Starting the Activity:
 - As your small group enters the recreation area, guide them to an assigned pool.
 - Explain to the kids that their challenge is to work together as a team to catch all the magnetic fish in their pool as quickly as possible! Encourage them to help each other and show how they can serve one another by cheering on their teammates.
- The Race Begins!
 - On your mark, have each small group begin fishing!
 - The group that works together to catch all their fish first will be the winning team!
 - Don't forget to keep an eye out for the special Golden Fish – the camper who catches it will receive a special recognition!
- Special Recognition:
 - Celebrate the team that demonstrates the best teamwork and speed!
 - Give a special shout-out or small prize to the camper who reeled in the Golden Fish!
- Clean Up:
 - During the transition time to the next rotation, recreation leaders should quickly reset each pool, returning all the fish and poles to be ready for the next group.
